## MEYERSRV.COM

*The #1 RV Dealer in the Northeast!*

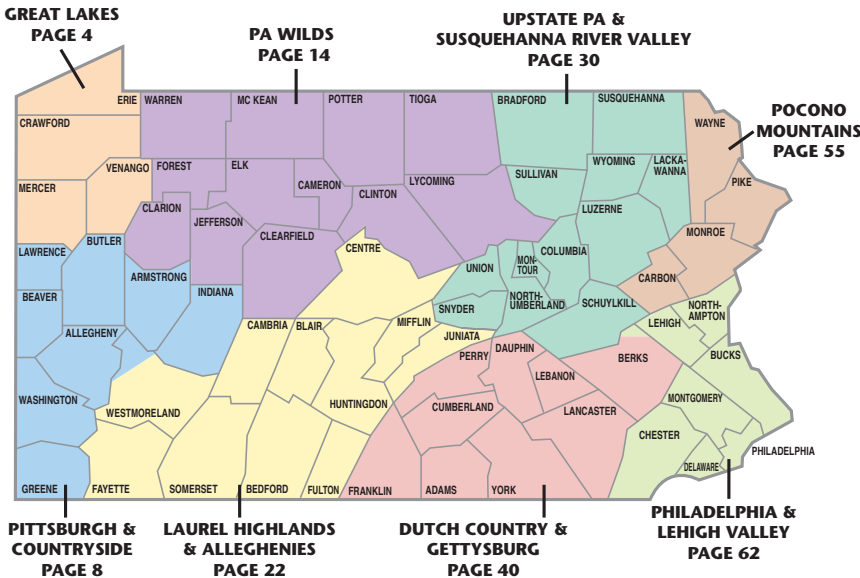

On behalf of the members of the Pennsylvania Campground Owners Association, please spend time during the coming year traveling and camping with us while enjoying some of the pleasures and treasures of this great Commonwealth.

Whether your pleasure is fishing or hunting, boating or swimming, snowmobiling or skiing, or any other outdoor activity, you will find it here in this great and diverse vacationland. Spend some time in our great cities where culture abounds and much of early American history was

made; Independence Hall, Gettysburg, and the Golden Triangle in Pittsburgh are just a few of them. Visit the beautiful Amish Farmlands of Southeast and Southcentral Pennsylvania, the great Pocono Vacation area, the breathtaking views in our own Grand Canyon, the beaches on Lake Erie, and the scenic Laurel Highlands area of Southwestern Pennsylvania with its rushing rivers and the state's highest point. As you read this directory, you will find in its pages much more about this great vacationland.

## How to Use This Directory

This Directory is divided into eight color-coded areas. Each Area Listing includes Map Location of Campground, Names, Mailing Address, Phone Numbers, Driving Directions, and available Facilities. Campgrounds are listed alphabetically by town names.

## VISITORS AND FEES

When camping, it is not unusual to have friends come for a visit or even stay overnight. Many campers are confused when the campground charges a fee. You may think, "Haven't I paid for my space?" It is not that our campground owners do not want visitors; it is simply that the facilities can only handle so many people. Excess people cause strain on restrooms, pools, and other facilities. They cause extra utility expenses which must be paid for. Who should pay for all this? You, the camper? No, the visitor. Please advise all visitors that they may be charged a fee for use of the campground facilities.

## Being a Responsible Camper

Show respect for the natural beauty and wildlife that surrounds your campsite. These great environments need to be preserved for others to enjoy.

## The Spotted Lanternfly in Pennsylvania— What is it? And why does it matter?

The Spotted Lanternfly or SLF, *Lycorma delicatula* (White), is an invasive plant hopper native to Asia first discovered in Berks County, PA in 2014.

SLF feeds on sap from a myriad of plants, but has a strong preference for plants important to PA's economy, including grapevines, maples, black walnut, birch, and willow. SLF's feeding damage stresses plants, which can, in some cases, cause death.

Advice from the PA Department of Agriculture is: **"Kill it! Squash it, smash it ... just get rid of it."**

In the fall, these bugs will lay egg masses with 30–50 eggs each. Keep an eye out for the spotted lanternfly at any stage of development and their egg masses, and properly destroy and dispose of them.

It's important to not bring firewood from quarantine areas. Please be respectful of campground guidelines and rules regarding firewood.

For more information, go to the PDA Website.
